# Design for Developers

Learn how to enhance your website

## Learn Design

Like just like any other Coding Tutorial

Hello, I'm [Lee Kai Yang from Malaysia](#), studying in Bachelor of Computer Science (Software Engineering) in University of Malaya.

I noticed programmers often have difficulty with the design for a website or application. Functionality comes first, and design is left in the dust.

There is no trick to design, it's just a number of rules and guidelines to learn and follow.
